crunkcore

A hip-hop [1], a techno [2] és a punk [3] fúzió [4]ja.

Tamás megjegyzései: Crunkcore - First there was crunk, a fusion of hip-hop and techno. One of the urban legends around the name is that "crunk" is the state of being "cranked" as in pumped up, by the same logic that "thunk" would be the state of thinking. So then there's crunkcore, which is kind of the punk of crunk, turned up to eleven. You either love it or you hate it. How about some example videos? Brokencyde - Get Crunk, Dot Dot Curve - Take My Picture, and Family Force 5 - Love Addict. . .http://www.songfacts.com/blog/writing/what_the_heck_is_mathcore_your_guide_to_obscure_niche_genres/
